

Isles of Scilly

A holiday on the Isles of Scilly is one of peace and relaxation. Situated about 28 miles south west of Lands End is a cluster of 5 inhabited and over 100 uninhabited islands awaiting exploration which can start by boarding one of the many launches leaving the Quay daily.

There are many things to do here, hire a bicycle, follow a nature trail, join a fishing trip, play golf on the very sporting nine hole course, (where you can hire clubs) and in the evening watch a slide show of the Islands history, flowers, birds, seals etc. Visit the Theatre Club or a Scillonian Entertainers production. (They are really very good). You will never be bored.
